Big Lot Sale

Through the real estate agency of Henry & Fleenor, Winchester, Mr. John Scott will sell his sixty vacant lots in the western portion of Clay City. These lots are well located for building homes and should be quickly taken up when put under the hammer. The sale will take place on the grounds Saturday, March 11th. There is a scarcity of homes in Clay City and the offering of these lots affords persons wanting a place to build a splendid opportunity to get a lovely site at a small cost. There will be a big crowd here on the day of the sale. Come and be one of the crowd though you may not want any of these beautiful lots.

J. G. White, Jr. Killed

John G. White, Jr. 26 years old, son of J. G. White, Sr. was found dead in the lobby of an Ashland insurance agency Saturday morning early with a bullet wound through the head. Mr. White had left the home of his father, who lives in Ashland, not more than fifteen minutes before intending to board an early train for Lexington. Young White was a nephew of T. G. White, this city, who left Saturday to be with the family of his brother. Burial Monday in the Winchester cemetery. Mr. White and family of this city attended the funeral and burial.

Dr. Nickell at Central Hotel

Dr. Nickell is located at Central Hotel, Clay City, filling and pulling teeth as well as doing all kinds of plate, bridge and crown work. Will remain in Clay City till March 11. See him if your teeth need fixing.

Dr. Nickell has been designated Dentist to furnish dental treatment to patients of the U. S. Veterans' Bureau. Will do work for veterans having claims against the Government free. This appointment came to the Doctor without solicitation. Any veterans needing dental work should see Dr. Nickell.

Young Townsend Better

Sherman Townsend is thought to be some better and probably will recover. This young man was accidentally shot in Lee county four months ago, inflicting what was thought to be only a minor wound. After taking him to the hospital blood poison set up and his condition has since been very critical. He has never been able to sit up since going to the hospital, but still he lately shows signs of improvement and it is thought he will get well.

Rainy March

March came in yesterday morning with considerable sleet and cold, to be turned into rain later in the day. The groundhog winter we were to have has been very uncertain so far. Sleet is supposed to insure a certain fruit crop. That's one consolation for the heavy sleet early yesterday morning.

Get your Tanlac where they've got it. C. Shimmfessel.

Road Bonds in Estill

A petition is being circulated in Estill county to call an election to vote on the proposition to issue and sell \$270,000 in bonds to build roads and bridges in that county. Five roads are to be built out from Irvine via: To the Madison county line; the Jackson county line; to the Lee county line; to the Powell county line and to the Clark county line. Two bridges are also to be built in the county, as per the outline of County Judge Sproul. The Clark and Powell county roads will be the same leaving Irvine and will probably intersect at Harg for the two counties. It is estimated that the present oil production tax and the 20 cent road tax voted in this county a few years ago, will be sufficient to pay the bonds with no increase of the county levy.

Entertainment a Success

The entertainment given by the Ladies' Aid of the M. E. Church Saturday night was a decided success. The house was crowded full and nothing could have been more enjoyable than the program rendered. They realized \$76.45. This money will be spent for repairs on the Methodist Church.

This entertainment, with program slightly changed, but by the same people, will be given at Stanton Friday, March 10th. We recommend this entertainment to the people of that place as being worthy and very enjoyable. They will also give the performance again in Clay City at the close of school for the benefit of those who were unable to attend Saturday.

Shameful Acts

Some very ugly and shameful acts have taken place in the Kentucky Senate this week, the cause of which seems to be over who shall spend that \$50,000,000 road bonds. If such proceedings are to precede the bonds it is better to not vote any. It has been our observation all along that much road money often causes a great deal of trouble. Peace and harmony with bad roads are more to be desired than riots, grafting and extravagance, wasteful expenditures with but a taste of good roads. While not a necessity the latter troubles always appear when the money is at command.

C. L. Russell Undergoes Operation

Charles L. Russell was seized Thursday with appendicitis and grew worse until Sunday when he was taken to the hospital at Winchester where that afternoon he was operated on. The appendix had done sloughed. Three drainage tubes were inserted to allow the pus to run out. Reports yesterday afternoon are to the effect that he is getting along well considering the serious stage before the operation. The many friends of Mr. Russell will be glad to learn that there are good hopes for a speedy recovery.

To Income Taxpayers

Those wishing assistance in the preparation of Income Tax Returns will please call at the Clay City National Bank on the following days: March 8, 9, 10. We will take pleasure in helping you.

Kentucky Livestock Summary

The value of livestock on Kentucky farms January 1, 1922, was approximately \$92,738,000 compared to \$127,396,000 January 1, 1921, and \$165,703,000 January 1, 1920, according to the annual estimates issued today by the U. S. Bureau of Markets and Crop Estimates in co-operation with State Commissioner of Agriculture W. C. Hanna. This is a decrease of \$72,965,000, or more than 44 per cent. in the value of Kentucky farmers' livestock since January 1, 1920, and nearly 24 percent below the 1914 value before the war. The decrease in total value is due chiefly to shrinkage in prices, though there has been an accompanying decrease in numbers. Since January 1, 1921, dairy cows show a decrease of only 1 percent, other cattle 7 percent, sheep 3 percent, and hogs 5 percent, in total numbers. Horses and mules show no change in numbers. This estimate gives the numbers of livestock on farms in Kentucky January 1, 1922, as follows: horses 374,000; mules 293,000; milk cows 520,000; other cattle 511,000; sheep 631,000; and swine 1,214,000.

The average farm value of milk cows in Kentucky January 1, 1922, was \$40.00 per head compared to \$73.00 January 1, 1920; other cattle \$20.00 compared to \$38.80 January 1, 1920; horses \$68.00 compared to \$105.00; mules \$82.00 compared to \$130.00; sheep \$5.00 compared to \$11.20; and swine \$7.50 compared to \$13.00 January 1, 1920.

Unsprayed Bugs Cut Fruit Yield Heavily

Failure of farmers to spray their fruit trees at the proper time of the year to control insect pests, is one of the several main causes for the low average production of peach and apple trees in Kentucky, experienced fruit men say. The largest census gives the average production of bearing apple trees as slightly more than one-fourth pecks and that of bearing peach trees as a little more than a peck. San Jose scale and peach leaf curl are the particular pests demanding attention at this time of the year.

Apple trees should be sprayed with a dormant spray of commercial lime sulphur using one part of the material to eight or ten of water in order to control San Jose scale, according to orchard lists at the Kentucky Agricultural Experiment Station. Since it is important that this pest be controlled before the leaves begin to appear, it is essential that the spray be applied as soon as the weather conditions permit.

Spraying peach trees with self-boiled lime sulphur composed of 15 pounds of lime, 15 pounds of sulphur and 50 gallons of water controls both the San Jose scale and peach leaf curl.

Tanlac will overcome that run down debilitated condition and make you feel just like your old self again. C. Shimmfessel.

BE PREPARED

For three generations mothers have successfully used Foley's Honey and Tar as a safe remedy for the relief of cold, cough, croup and whooping cough. It is pure, wholesome, and child-like. Contains no opiates. Especially good for croup and whooping cough—the two terrors of childhood.

Mrs. W. H. Thornton, Little Rock, Ark., writes this: "My little boy had a severe attack of croup, but two doses of Foley's Honey and Tar relieved him, and he went back to sleep and was troubled no more. I would not be without it at any price."

Keep the Children Well

Don't neglect a child's cold. You can relieve feverish colds, coughs, "snuffles" and tight wheezing breathing with Foley's Honey and Tar. It checks croup, too. John S. Hunnicutt, East Orange, N. J., writes: "I find Foley's Honey and Tar very good for children." Contains no opiates.

THE MAN WHO LOOKS VIGOROUS

Good red blood is the only sure
foundation of Permanent
Health and Vigor

Good color, bright eyes, solid flesh, erect bearing are dependent upon rich red blood. If your blood is not up to the mark your general health can not be. Late hours, eating the wrong foods, working indoors, fatigue, affect the blood. So many people eat well and take exercise, yet never seem to improve in health. Gude's Pepto-Mangan taken regularly for a while gives the blood that richness and redness that produces bounding health and vigor. It is a simple, natural way to get well and strong. Gude's Pepto-Mangan comes in liquid or tablets—at your druggist's. Advertisement.

Pains Were Terrific

Read how Mrs. Albert Gregory, of R. F. D. No. 1, Bluford, Ill., got rid of her ills. "During . . . I was awfully weak . . . My pains were terrific. I thought I would die. The bearing-down pains were actually so severe I could not stand the pressure of my hands on the lower part of my stomach . . . I simply felt as if life was for but a short time. My husband was worried. . . One evening, while reading the Birthday Almanac, he came across a case similar to mine, and went straight for some Cardui for me to try.

TAKE

CARDUI

The Woman's Tonic

"I took it faithfully and the results were immediate," adds Mrs. Gregory. "I continued to get better, all my ills left me, and I went through . . . with no further trouble. My baby was fat and strong, and myself—thank God—am once more hale and hearty, can walk miles, do my work, though 44 years old, feel like a new person. All I owe to Cardui." For many years Cardui has been found helpful in building up the system when run down by disorders peculiar to women.

BIG LOT SALE

CLAY CITY RESIDENCE LOTS

On the Premises,

Saturday, March 11th, 1922, 10: a. m.

SCOTT ADDITION TO CLAY CITY

As Agents for John Scott we will sell at PUBLIC AUCTION on the above named date, his block of city residence lots consisting of about 60 nice residence lots situated on the southwest side of Main street in the west part of Clay City. These lots are well located and well laid out for residence property in one of the best parts of the city, on the main street of the city and in close proximity to the BIG SHALE PLANT that is now being erected.

Clay City is now coming into her own and her future is assured. It is no flimsy boom business this time, but is a real business that will make Clay City all that the people of Powell county could expect or desire. The business that is about to make Clay City one of the important towns on the state map is not the drilling of a few oil wells to be pumped dry within a short few months, but is a **Great and Wonderful Development of Natural Wealth** lying at your very door, involving the expenditure of millions of dollars in permanent improvements and a twice-a-month payroll that will exceed your fondest hopes. It means large business for Clay City, a large number of new homes to be built for employees of the new companies as well as others coming to Clay City to engage in various kinds of business. It means that the best building sites will soon be taken up and greatly increased prices for good lots. The wide-awake man or woman of Powell county will see the situation at once and take advantage of this big lot sale, buy lots DIRT CHEAP and build houses on them to rent or occupy or sell them at a fine profit. Be one of the far-seeing crowd, attend this sale, buy some nice lots and make your money safe and your investment sure.

Don't forget the time and place, SATURDAY, MARCH 11th, 10 o'clock, a. m., on the premises. Cash prizes given away. But you must be on the grounds to get one.

TERMS OF SALE: One half cash, balance in two notes, six and twelve months. \$25.00 deposit on each lot on day of sale and balance of first half as soon as deed can be made. You make the price, we make the deed.

"The Rats Around My Place Were Wise," Says John Tuthill.

"Tried everything to kill them. Mixed poison with meal, meat, cheese, etc. Wouldn't touch it. Tried RAT-SNAP, inside of ten days got rid of all rats." You don't have to mix RAT-SNAP, with food. Saves fussing, bother. Break a cake of RAT-SNAP, lay it where rats scamper. You will see no more. Three sizes, 35c, 65c, \$1.25. Sold and guaranteed by J. F. Smith & Co. and O. Shimsessel.

"It isn't good policy to let a clock run down before winding it up. Same way with business—and the key is advertising."

Good for That "Flu" Cough

Mrs. K. D. Drake, Ohids, Md., writes: "After an attack of the flu that left me with a severe cough nothing seemed to relieve me till I tried Foley's Honey and Tar, which I can highly recommend." It is also good for croup, whooping cough and colds. Children like it. Contains no opiates.

Valuable Article Too Lengthy

The Times is in receipt of a most valuable article on evolution from one of our right thinking subscribers. While every line of it is full of thought and strong reasoning, both from a common sense and spiritual point of view, and should be read by every one interested in the defense of the Bible. The article is entirely too long for this paper.

Maybe it Isn't Spring Fever

If you feel tired, languid, "upset," morbid, blue—if you have a sick headache—don't say "spring fever" and let it go at that. Take a Foley Cathartic Tablet tonight and you will feel better in the morning. If your condition is the result of disordered digestion, there is nothing better.
